an Appetite Like a Corn-husker's and Cleaned Out Everything In Sight.

The wife of a leading druggist of Des Moines tells how her brother was changed from a dyspeptic without appetite to a prodigious eater.

"My brother, who is a lawyer in Chicago, came to visit me and I hardly knew him on his arrival he was so thin had run down. I had not seen him for years and was much alarmed at his appearance. He told me not to worry as he had been in this condition for years as a result of chronic dyspepsia. I asked him what he had done everything—taken every remedy he had ever heard of and consulted doctors without number, 'none of them helped him, I asked him if he ever took Stuart's Dyspepsia Tablets, and he said he had't and what was more he wouldn't. He had sworn off taking medicine of any kind.

"I had my husband bring home a box from the store and I actually made him take one or two of the tablets after he had eaten. Thoy made him feel so much better that he offered no further objection. He had not taken the one box before he was greatly improved and three profum boxes cured him of dyspepsia. Bad gave him a wonderful appetite. He pame near eating us out of house and home. My but it did me good to see him eat. He gained lifteen pounds before he returned home, and he writes much the han hot bear troubled with dyspepsia since."

Stuart's Dyspepsia Tablets actually do he work assigned to them. They relieve weak and overburdened stomachs of their work of digostive action. Their component parts are identical with those of the digostive fluids and secretions of the stomach and they simply take up he work is assigned to them. They resilieve weak and overburdened stomachs of the form and effects. They do not cause any unnatural or violet disturbance in the stomach and they simply take up he grid and carry on the work just the same as a good, strong, healthy stomach would do it.

On this account Sunrt's Dyspepsia Tablets are perfectly, natural in their section and effects. They do not cause any unnatural or violet disturbance

TWO MEN TO HANG IN GRAYSON COUNTY

The First Case of Capital Punishment in Forty

(Special to The Times-Dispatch.)
INDEPENDENCE, VA., March 29.—
Special Circuit Court Judge Robert C.
Jackson, presiding, has been in session
all this week. Tom Jones and Charles
Woodruff, the two negroes who killed
Wiley Jones, colored, at Fries, on the
27th of December last, sentenced them to Woodruff, the two negroes who killed Wiley Jones, colored, at Fries, on the 27th of December last, sentenced them to be hanged on the 18th of May. The crime for which these negroes will pay the death penality is perhaps the most atrocieus ever committed in the county of Grayson. Tom Jones and Charles Woodruff were having a festival at Fries, in a house rented by them near their own homes. One of Woodruffs, children was very sick at the time. Some time during the night Wiley Jones, the father of Tom Jones, who lived near by went to the festival and told Woodruff and his son, Tom, that the child was worse, and that if he was them, that he would close out the festival and show respect to the child, but with an oath both refused, and Wiley Jones went on back to his home. He had not been back very long until some one called him to the door, and just as he stepped on to the porch three shots were fired in quick succession, one of the shots from a thirty-two pistol entered the door facing, and another from a thirty-two pistol entered the door facing, and another from a thirty-two pistol entered the door facing, and another from a thirty-two pistol entered the choor facing, and another from a thirty-two pistol entered the choor facing, and another from a thirty-two pistol entered the the shots from the thirty-two pistol and entered the choo facing, and another from a thirty-two pistol and entered the choo facing, and another from a thirty-two pistol entered the shots from shot was fired by Charles Woodruff, and that Wodruff stood at one end of the porch and did his shooting, while Jones, stood at the other one and did his shooting, thus to make certain that Wiley Jones, could not escape, and in this manner Wiley Jones, was assassinated on his own porch by his his own son and Woodruff. The jury in each of these cases were out only a few minutes, and their verdict is approved generally by all citizens, both white and black as being eminently just.

Many homicides have been committed in Grayson county within the last half

The sentence was the most awe-inspiring, as well as the strongest plea for

GATE CITY, VA., March 29.—The greatest religious revival in the history of Gate City is being conducted at the Methodist Episcopal Church, South, by Rev. Robert Shuler, of La Follette, Tenn., and the pastor, Rev. S. T. M. McPherson. There have been one hundred and twenty-five conversions, including business men of the town and many young men and women of Shoemaker College.

Last Sunday forty-four were received into the church, while half that number have joined other churches of the town. Although this is the third week of the meeting, the interest is not waning.

CHASE CITY, VA., March 28.—The account in your issue of Monday that B. Frank Patterson had been a promoter of railroad enterprises in Springfield, Ohio, and many men prominent in financial circles duped, went into bankruptey, and one man died from a broken heart on account of losses, and afterwards Patterson disappeared, revives some transactions of the same Pattereon in this town in 193. He was then promoter of the Blackstone and Chase City Railroad. He swindled all he could here, and some for thousands of dollars, and in Richmond he will be remembered for having obtained many hundred dollars.

He was a hypnotist of the first order, and I have seen him exhibit his art in this line. He secured money on worthless checks, and was in the county fall of Mecklenburg for some time, but was released. He was the shrewdest manipulator ever seen here.

He operated here by projecting a railroad, buying a large residence, conducting a store, and other enterprises. He was placed into involuntary bankruptey, and paid about three cents on the dollar.
